

PLEIN DE COULEURS

La palette de couleurs d'emco comprend 79 couleurs réparties en 60 couleurs d'arrière-plan et 19 couleurs de spot. Les couleurs d'arrière-plan sont de véritables à tout faire : elles conviennent aussi bien pour les fonds de tapis que pour les éléments de design. Nos couleurs de spot en revanche, ne conviennent pas pour les arrière-plans, mais sont utilisées comme couleurs de surbrillance/d'accentuation dans le design. En voici un exemple:
